

Your Privacy Is Our Concern

PRIVACY NOTICE:

The personal identifying information provided will be kept confidential. Your name, DOB, state, sex, and military service information will be kept confidential.

Identifying information:

Email address: is used as a unique identifier so that if you choose to update the form at any time it will overwrite your previous entry.

Name: You do not need to reveal your full name unless you wish to - you may give your initials or a pseudonym. is covered in depth below.

Your DOB (Month and Year) is used to determine ages for statistical purposes only.

The information about your state of residence is used to inform representatives of the number of constituents in their districts who were at the base and those that have illnesses.

Sex is used to determine statistics

Military units, branch, and service information allows us to present a statistical model of the service members represented at K2.

All data collected will be used to create a statistical model that will be shared with Congressional Representatives. Only aggregate data will be shared, individual information (including any personally identifying information) will be removed from the statistics prior to being shared with Congress.

So, we do not plan to pass on any individual data about you as an individual to ANYONE. We will not ever sell your data to a third party.

Data is used only to create statistics that will be used to inform legislators and the press of the overall health of the service members who were deployed to K2.

Providing your personal information is completely VOLUNTARY, but will limit completion or submission of the form if omitted
